

**WE NEED YOUR HELP!!!**

**Special Olympics Colorado Lions Club Opening Eyes  
Program**

**University of Northern Colorado  
Greeley, CO**

**Saturday, June 5, 2010  
11:00am—4:30pm**

This program is designed to do complete exams (excluding dilation) at the site of the Summer Special Olympics State Games. Glasses are then provided to the athletes to meet their needs.

The success of the program is dependent on volunteers. In order to provide these services we need at least 20 optometrists and twenty opticians/assistants/vision therapists. This program is fun and rewarding and provides a much needed service to the Special Olympians. Come join the fun and volunteer your time to Colorado's special needs athletes.

To volunteer for all or any part of the event, please email your information to:
